

Team Evaluation Form

Your Name: _____ **Date:** _____

Team Members: _____

List each member of your team and assign each member (including yourself) a mark out of 10 for each of the columns in the table. 10 out of 10 is perfect (expert-level), and 0 out of 10 is means serious improvement is needed (little to no skill shown).

Next, write a short paragraph detailing the contributions each member made to the project work, again including yourself. How do you think you and other team members functioned on this project? Some areas to consider are: ability to focus on tasks, ability to work effectively in a team environment, trouble shooting skills, and ability to implement concepts required. Use the back of this sheet if necessary.

This evaluation will be held in the strictest of confidence. This is your only opportunity as an individual to describe participation within the team. This evaluation must be submitted to the Case Study assignments on Canvas before midnight on the Last Day of Classes. If you do not submit the evaluation by the due date/time, you will receive a mark of 0 for the entire Case Study

Team member's Name	Technical Skill and knowledge (out of 10)	Willingness to help (out of 10)	Overall contribution to the team (out of 10)
